

Here at the Radisson SAS Hotel Liverpool, we have been working with the team at Printel since April 2005.

Printel have supplied the hotel quality creative design and print at a competitive rate. I am happy to state that we are extremely happy with the service they have provided. All work has been completed to agreed timescales and all deadlines have been achieved. The whole team has proved to be extremely efficient, friendly and effective.

I would have no hesitation in recommending Printel to other organisations

Radisson Hotel, Liverpool

I am happy to inform you of the excellent work of the Printel company in creating top quality designs and publicity material for Halton Borough Council. They have produced many designs for my own department of Early Years Education, Childcare including Halton Borough Council, Children's Information Service. This work has included top quality, professional employer business packs/folders, conference materials, newsletter, magazines etc.

Printel have worked with us for over six years and supplied quality creative design and print, at a competitive rate, on time, to corporate guidelines with good levels of customer service and consultative advise. They have worked very closely with us on the design of many new Government initiatives, creating first class publicity campaign materials

I would highly recommend them, in all areas of design & print.

Halton Borough Council - Early Years Education

It was amazing for us to witness so many people coming to support our Fundraiser on St Patrick's Night. The success was not just financial but also clearly a good experience of community - where everyone had a great time and got to know a bit about our work.

I want to say a huge thank you for the generous donation you made on the night. It was a nice surprise and a wonderful gesture.

Meantime, sincere thanks for your support for the work we do in Halton. It is a real boost to us all! I am sure we will have to have another next year!

Catholic Children's Society

Many thanks for your hard work in helping to stage our Business Open Day, it was very much appreciated and I hope it leads to increased business for you.

Thank you also for the speech of encouragement you made at the outset. The event was a huge success due mainly to the quality of the advertising. Should I have need of printing in the future I shall not hesitate to contact you.

Thanks once again

North & Mid Cheshire Training & Enterprise Council

The brochures were delivered yesterday afternoon, and I just wanted to take this opportunity to thank you for all your hard work on the project. The brochure is absolutely wonderful, and I know it will work wonders in getting parents back into education at the college. We are planning to have more brochures created within the coming months, which we would like to have follow this format and theme, as everyone across the college has been very impressed with the high quality of your designs and printing. I will be in touch soon to let you know how the projects are coming along. Thank you again for such a wonderful brochure. Hope all is well with you and the gang at Printel, and I will speak to you soon.

Stockport College

I am writing to thank you very much indeed for the work which you and your company did in producing our Arts College brochure recently.

Your help and expertise was invaluable and the finished product was totally professional - just what we were looking for.

Thank you again for your excellent work. We would not hesitate to use your company again in the future.

Penketh High School

I would like to thank you personally, and Printel collectively for the excellent service we received from you in the preparation of the Eagle Eye Report and Accounts. From first contact with you and Stuart the entire job was handled in an exemplary manner. Despite our request for a number of last minute changes you still managed to meet our tight deadlines and we have had much positive feedback on the quality of the document from our shareholders.

Eagle Eye Tracking Systems

The product is excellent, and your contribution to the final design was superb, John seemed to understand the message we were trying to get across, and the graphics and various adornments fitted well with this.

Printel have done a first rate job of Halton's Public Health Report which was voted Best in Britain in 2005. They produced an attractive and clear finished document. I have been particularly impressed with their attention to detail at the design and final copy stage.

Halton Primary Care Trust

Thank you for your efforts in producing the Council's Local Transport Plan. Your flexibility to accommodate work whilst still meeting deadlines is much appreciated.

Halton Borough Council - Transport

Just a short note to thank Printel for such an efficient service. We are extremely pleased with our mouse mats and pens. I have recommended Printel to other organisations I work with, and will not hesitate to use Printel in the future.

Millennium Volunteers Project

Stuart just a quick note to say thanks to your team for their input into our recent production.

The final cd's arrived safely this morning and look great.

Halton Borough Council - Urban Renewal Support

Thank you and your team at Printel for the design and artwork for our open night adverts. It was the first time that we had contracted out our adverts as previously we had used in-house designs.

You might like to know that our open nights were extremely successful with attendance up to 40% on last year.

We also received many favourable comments about our adverts from members of the public and our own staff.

Thank you once again for advice and guidance. I look forward to working with you and your team in the future.

Widnes Sixth Form College

Just a short note to thank you so much for the work you did on the brochure.

Everybody was delighted with it and it exceeded our expectations. You will be pleased to know that people are sending it to relatives all round the world.

St Patrick's Stained Glass Window Project Group

I just thought I would drop you a line to say thanks for the poster. It looked great. I thought you would be interested to know that we also won the 'best poster' prize.

Thanks again and look forward to twisting your arm again.

Liverpool Primary Care Trust

Thank you for your help in getting everything done on time for the event.

Deeside Orienteering Club

Having taken delivery of our new suite of stationery I feel I must express my delight with the outcome. I anticipated a good quality product but in the end my expectations were exceeded. As you are aware, David Stanley, our headteacher is also very pleased with the outcome and he has taken every opportunity to show our new range to all who care to see it! Several of our governors have also praised the quality and the impact that it has.

I would like to record my thanks to you for your seemingly inexhaustible patience and the care and attention you gave over several weeks. Please convey my gratitude and admiration to John for the style and skill he has brought to the product and his patience for the many amendments we made on the way. You listened to what we said and you have captured the essence of the school in a very impressive and appropriate corporate image.

Printel have lived up to all the promises made at the outset and I look forward to working with you again in the near future in preparation for the opening of our City Learning Centre.

The Grange Comprehensive School

Now that “I Don’t Want To Be A Sunbeam” is on sale and selling extremely well, I thought I would write and thank you formally for your valued and essential assistance in this venture. I can say that I would not have had your patience and understanding in dealing with a nuisance who wanted you to produce his book cover for free.

The artwork is extremely well produced and highly professional. The surreal imagery of the front & rear covers has on occasions produced tears in the eyes of people who have purchased a copy. It has been a major selling point and made it all the easier a product on the market.

Everybody who has seen the book has commented on the cover and how well it suits the subject. Roger Phillips perfectly described it on his Show on Radio Merseyside as “`Respectful”.

Pass on my thanks to John for his time, good humour and the quality of his ideas and his genuine understanding of the aims of the project.

Harry Jones - Author

Many thanks for your assistance in producing the cards ASAP,
I very much appreciated your extra efforts.

Targetmatch Ltd

On behalf of Fresenius Kabi Ltd, thank you for supporting our recent staff event on Friday June 2001 by providing a portable CD player for our free prize draw. The party was a great success and the raffle was especially well received - I was delighted to see you included as a sponsor on the night

Thanks again for helping to make this a special event for our staff.

Fresenius Kabi Ltd

I would like to express my thanks to yourself and the team at Printel in Widnes for your positive and creative input on the design and marketing of the new “Halton Hopper’ multi operator bus ticket. Printel delivered a first class service and helped the project along with their professionalism and attention to detail.

I would happily recommend Printel to other organisations contemplating launching similar initiatives.

Halton Borough Council - Transport Co-ordination
